

Unrivalled Innovation.

- **Exclusive Frame and Cradle Design:** Delivers maximum durability with reduced weight
- **Sanitary Internal Barrel Finish:** Maintains a smooth, unscarred surface to protect product quality and purity
- **Exceeds 3A Sanitary Standards:** Surpasses sanitary standards for uncompromised quality
- **Proven Expertise:** Decades of innovation backed by strategic acquisitions that built the Wabash legacy

Performance-Driven Results.

- **Antibacterial Interior:** Prevents contamination, ensuring product safety
- **Superior Insulation:** Maintains precise temperatures, cutting energy costs and enhancing quality
- **Low-Maintenance Design:** Optimized for long-term reliability with fewer service needs
- **Maximum Uptime:** Built for durability and a strong return on investment, extending product lifespan

Industry-Leading Design.

- Exclusive frame and cradle tension-fit ring construction for unmatched durability and a lower center of gravity
- Industry-leading internal tank with no barrel deformation or welding scars, maintaining pristine conditions
- High-performance urethane insulation for exceptional temperature control
- Proprietary safety features including integrated ladders, spill dams, and a specialized manhole assembly
- Tailored application packages and fully customizable configurations to meet unique operational needs
- Proudly made in the U.S.A. for over 75 years and backed by a 3-year limited warranty and nationwide service centers
